Subject: EPA Webinar Follow Up
Attachments: EPA Presentation to EDA re Tampering and Aftermarket Defeat Device Sept 2019.pdf

Hello everyone,

Thank you so much for registering for/attending yesterday's webinar, *Risks of Illegal Tampering* with our hosts, Evan and Greg from the EPA! As those of you who attended know, we had some technical difficulties, so editing our video is taking a bit longer than usual. That said, I wanted to make sure you all had a copy of the presentation slides which are attached. I'll send out the video recording as soon as it's ready.

Have a great weekend!
